Total ...	25,500	16,500	42,000

The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale:—

1. The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12th of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Member in charge, be resumed on the next day following (not being Sunday or a public holiday) at the hour of 11 A.M., and so on

until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Member in charge may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated

according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale: or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal receipts, or public securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the fifth Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized Agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the Opium advertized for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1871-72, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1873, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 42,000 chests of

	Chests.	Behar and Benares, as above
Behar	25,600	estimated will be brought
Benares	16,500	to sale in the usual manner;
Total	42,000	and if they shall make ap-
		plication for a quantity of

Opium to be delivered to them out of the quantity advertized for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—“With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned.”

"The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."

By order of the Member in charge,

T. B. LANE,
Secretary.

Total	25,500	16,500	42,000

The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale:—

1. The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12th of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Member in charge, be resumed on the next day following (not being Sunday or a public holiday) at the hour of 11 A.M., and so on

until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Member in charge may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,500 per chest, Rs. 300 per chest.
On bids of Rs. 1,500 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all

such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal receipts, or public securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the fifth Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized Agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the Opium advertized for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1871-72, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1873, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 42,000 chests of Behar and Benares, as above estimated will be brought to sale in the usual manner; and if they shall make application for a quantity of

Opium to be delivered to them out of the quantity advertized for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—“With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned.”

"The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."

Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 5th December 1872.—The following resolution, constituting the Deputy Commissioner of the Sonthal Pergunnahs a regular district officer, fixing that officer's head-quarters at Doomka, and defining the jurisdiction of the several officers in the Sonthal Pergunnahs, is published for information:—

The Lieutenant-Governor after visiting the Sonthal Pergunnahs and conferring with the Commissioner of the Bhaugulpore division, has considered it necessary to sanction the following changes in the arrangements now existing in that district, the position of which among non-regulation districts has hitherto been somewhat peculiar.

1. The head-quarters of the district of the Sonthal Pergunnahs are now to be established at Doomka. The Deputy Commissioner will reside there, and will assume the proper functions of a district officer: he will also carry on the work of settlement on which he is at present engaged. If possible, arrangements will be made to relieve him of sessions cases beyond the power generally of a Deputy Commissioner of a non-regulation district.

2. All traces of district functions will be taken from the present sub-divisional officers. The head medical officer (now stationed at Deoghur), and other establishments proper to a district head-quarters, will be moved to Doomka.

3. Although the Lieutenant-Governor does not admit that all Sonthal officers should have houses found for them, His Honor will not in the present instance object to a moderate expenditure either for rent or for construction of some additional accommodation at Doomka. He has stopped the rebuilding of the catcherry at Deoghur. Anything saved from that source, and Rs. 5,000 additional, may be spent to provide accommodation at Doomka. This order will be communicated to the Public Works Department of this Government.

4. The sub-divisions of Pakour and Jamtara will be attached to the head-quarters sub-division of Doomka, except the portion of Jamtara on the railway and bounded on the east by the Adjai, which may be attached to Deoghur. The Lieutenant-Governor also thinks that the south-east corner of Deoghur, which is nearer to Doomka, may be detached and joined to Doomka, the Deoghur thannah being established at Mudhopoora on the railway, with an outpost at Jamtara. One of the Doomka assistants may be from time to time sent out into the Pakour or Jamtara country if it is found advisable, and if required one or two cheap little bungalows might be put up for that purpose. The corner of Pakour which is on the railway might be attached to Rajmehal.

5. The Deoghur officer should once a week or thereabouts run up to Mudhopoora or Jamtara to try railway cases, &c. He will have, if necessary, one of the new sub-assistants to try petty civil cases, &c., at Deoghur, the European assistant being removed.

6. There will thus be the Doomka or sudder sub-division comprising about all the Sonthal country proper, and there will be three outlying sub-divisions—Deoghur, Godda, and Rajmehal.

7. If a police officer is still required, he may be stationed wherever it is found most convenient. The Commissioner of Bhaugulpore should be requested to report on this point, as well

as on the exact limits of the Rajmehal and Deoghur sub-divisions as it is now proposed to retain them.

8. For Doomka, with the sub-districts annexed by this order, the present sub-divisional officer will be somewhat in the position of a Joint-Magistrate, and there will probably be the junior assistants. As the Deputy Commissioner will be much employed on settlement work, the Lieutenant-Governor has no objection to giving the senior assistant the powers of a sub-divisional officer.

9. The Lieutenant-Governor desires that the Commissioner will revise the whole of the subordinate establishments in the Sonthal Pergunnahs. His Honor believes that it will be found that the existing sub-divisions have some establishments, including treasury establishments proper to districts. These are all to be reduced, and the savings used to put the district officer on a proper footing.

10. The Lieutenant-Governor found when visiting the station that there was an unnecessary number of Government buildings at Deoghur, and therefore stopped the new catcherry. The buildings may now be still further reduced, and the best scheme for arranging all the buildings, &c., to be retained for a small sub-divisional station, should be sent up for His Honor's consideration. The Commissioner should also report what is proposed regarding buildings at Doomka.

11. The Lieutenant-Governor would wish to be informed if in the Commissioner's opinion it is desirable to establish any kind of police posts in any part of the Doomka country. One thannah of Deoghur will be reduced by these arrangements, and if it be thought necessary one or two small posts might be set up to give information of what is going on in the Sonthal country.

Ordered that a copy of this resolution be forwarded to the Commissioner of Bhaugulpore for information and guidance.

Ordered also, that extract (paragraphs 1, 3, 4, and 10) be forwarded to the Secretary to the Public Works Department of this Government, and extract (paragraphs 1 and 2) to the Inspector-General of Hospitals for information and guidance, and that a copy be sent to each of the following officers for information and guidance:—

Inspector-General of Police.

" " of Hospitals, Indian Medical Department.

" " of Jails.

Secretary to the Board of Revenue, Land Revenue Department.

Secretary to the Board of Revenue, Opium, Assessed Taxes, Customs, &c.

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon the following Articles:

ARTICLE I.

The subjects of Her Britannic Majesty who dwell either temporarily or permanently in France and in French Possessions, and the subjects of France who dwell either temporarily or permanently in the dominions or possessions of Her Britannic Majesty, shall enjoy therein, in respect to their residence in the territories of the other State and the exercise of commerce and trades, the same rights as, and be subjected to no higher or other taxes than, native subjects or the subjects of any third country the most favoured in those respects.

ARTICLE II.

*The President of the French Republic having represented to Her Majesty the Queen of the United Kingdom of Great Britain and Ireland that the financial necessities of France imperatively require the imposition of new taxes in that country and the modification for that purpose of the stipulations in regard to Tariffs of the Treaty of the 23rd of January 1860, and of the Supplementary Conventions of the 12th of October and 16th of November of the same year, Her Majesty, in a spirit of friendship towards France, consents to such modification subject to the conditions specified either in this or in other Articles of the present Treaty.

The High Contracting Parties guarantee to each other the treatment of the most-favoured nation: that is to say, from the 1st December 1872, no duties shall be imposed either in France or in Algeria on goods the produce or manufacture of the United Kingdom or of British Possessions higher than the duties imposed on the like goods the produce or manufacture of any other foreign country, whether within or beyond Europe; and no duties shall be imposed in the United Kingdom on goods the produce or manufacture of France or French Possessions higher than the duties imposed on the like goods the produce or manufacture of any other foreign country, whether within or beyond Europe; and any favour, immunity, privilege, or reduction of duty whatsoever (other than those in regard to which a special exception is hereinafter made) in matters relating to the commerce of the United Kingdom or of France and Algeria respectively, which has been or may be, conceded by either Party to any third Power whatsoever, whether within or beyond Europe, shall be extended, immediately and unconditionally, to the other Contracting Party.

It is agreed, however, that, from the 1st of December next, if the ratifications of the present Treaty and the Protocol annexed thereto shall have been exchanged before that date, and if not, from the date of such ratifications being exchanged, the duties specified in Annex 1 may be levied until the 31st December 1876, on goods the produce or manufacture of the United Kingdom or of British Possessions imported into France or Algeria.

It is also agreed between the High Contracting Powers—

1st.—That, as long as the Treaties concluded by France with other Powers shall not be modified, these duties shall, during the above-mentioned period, be the maximum duties which may be levied on goods the produce or manufacture of the United Kingdom or of British Possessions on their importation into France or Algeria.

2nd.—That the difference, as against such goods, of the duties therein specified shall not be increased relatively to the duties on the like goods now levied under Treaties existing between France and any third Power.

3rd.—That, except as specially provided in the third paragraph of this Article, the Tariffs annexed to the Treaty and Conventions of 1860 above-mentioned, shall remain in force until the 15th of March 1873.

4th.—That any reduction of duties which has been or may hereafter be granted by France to any third Power, whether within or beyond Europe, shall be immediately and unconditionally extended to Great Britain; and, reciprocally, that any reduction of duties which has been or may hereafter be granted by Great Britain to any third Power, whether within or beyond Europe, shall be immediately and unconditionally extended to France; and that no increase shall be made by Great Britain in the duties imposed by the Tariff now in force in the United Kingdom, of which a copy forms Annex II to the present Treaty, upon goods the produce or manufacture of France or of any French Possession which shall not equally be made with respect to goods of the same nature the produce or manufacture of any other country.

5th.—That hereafter British ships and their cargoes shall, in France and Algeria, and French ships and their cargoes shall, in the United Kingdom of Great Britain and Ireland, from whatever place arriving, and whatever may be the places of origin or destination of their cargoes, be treated in every respect as national ships and their cargoes.

The coasting trade, however, is excepted from the preceding stipulation, and remains subject to the respective laws of the two countries.

ARTICLE III.

The transit of goods to and from the United Kingdom shall be free from all transit duties in France and Algeria, and the transit of goods to and from France and Algeria shall be free from all transit duties in the United Kingdom.

ARTICLE IV.

No prohibition of importation or exportation shall be established by either of the High Contracting Powers against the other, which shall not at the same time be applicable to all other foreign nations whatsoever: except, however, temporary prohibitions or restrictions which either Government may think it necessary to impose in regard to contraband of war or for sanitary purposes.

ARTICLE V.

If one of the High Contracting Powers shall impose an excise tax or inland duty upon any article of home production or manufacture, an equivalent compensatory duty may be imposed on articles of the same description on their importation from the territories of the other Power, provided that the said equivalent duty is levied on the like articles on their importation from all other foreign countries.

But no compensatory duty shall be leviable in respect of a Customs duty on raw materials or other produce or goods imported from abroad.

In the event of the reduction or abolition of any such excise tax or inland duty, a reduction corresponding in amount shall at the same time be made in the equivalent compensatory import duty on manufactures.

ARTICLE VI.

Duties *ad valorem* payable in France or Algeria shall be calculated on the value at the place of production or fabrication of the article imported, with the addition of the cost of transport, insurance, and commission necessary for the importation into France or Algeria as far as the port of discharge.

For the levying of these duties, the importer shall make a written declaration at the Custom-house, stating the value and description of the goods. If the Custom-house authorities shall be of opinion that the declared value is insufficient, they shall be at liberty to take the goods on paying to the importer the price declared with an addition of five per cent.

This payment, together with the restitution of any duty which may have been levied upon such goods, shall be made within the fifteen days next following the declaration.

ARTICLE VII.

The French Government shall have the power to designate certain Custom-houses exclusively for the admission of goods taxed *ad valorem*, the valuation of which may appear to them to present difficulties.

ARTICLE VIII.

The importer, against whom the French Customs may desire to exercise the right of pre-emption stipulated in Article VI, may, if he prefers to do so, demand a valuation of his goods by experts.

The same demand may be made by the French Customs when they may not think fit to have immediate recourse to pre-emption.

Should the French Customs decline to exercise their right of pre-emption, they shall authorize the immediate surrender of the goods to the importer, on the express condition that the said importer shall offer adequate security for the payment of the duties and fines which might result from the valuation by experts, for which valuation the Customs shall retain the necessary samples.

ARTICLE IX.

If the result of such valuation by experts should prove that the value of the goods is not five per cent. above that which has been declared by the importer, the duty shall be levied upon the value so declared.

If the proved value is five per cent. or more above the value declared, the French Customs authorities shall be entitled, at their choice, either to exercise the right of pre-emption or to levy the duty on the value determined by the experts.

This duty shall be increased by fifty per cent., as a fine, if the valuation of the experts is ten per cent. or more above the declared value.

If the value, as determined by the experts, exceeds the declared value by five per cent. or more, the costs of the valuation by the experts shall be defrayed by the declarant. In all other cases they shall be defrayed by the French Customs authorities.

In case of any dispute arising between the importer and the French Customs authorities as to the class or denomination under which any goods may be chargeable with duty, such dispute shall be referred to and be decided by experts, if the importer is dissatisfied with the decision of the Customs.

In all cases of dispute the declarant shall have the option, if he thinks fit, to remove the valuation by experts from an outport to Paris. The desire for such removal must be signified before the inquiry by experts at the outport begins.

ARTICLE X.

In the cases contemplated by Articles VIII and IX, two experts shall be named, one by the declarant or his agent, the other by the local Chief of the Customs Service at the place where the inquiry is to take place. If there be difference of opinion between them, or if at the time of appointing the experts the declarant shall require it, the experts shall choose an Umpire. In default of agreement, such Umpire shall be appointed by the President of the Tribunal of Commerce at the port of importation, or, in his default, by the President of the Tribunal of Commerce at the nearest place. The declarant, as well as the Customs authorities, may demand that, instead of being made in the above-mentioned manner, the inquiry shall be carried out at Paris by the Board of Legal Expertise appointed to be held at the Ministry of Agriculture and Commerce by Article 19 of the Law of the 24th July 1822.

Such option must be declared within twenty-four hours of the notification of pre-emption or of the demand for an inquiry by experts.

The experts which the above-mentioned Board shall associate with themselves to report on the matters submitted to them, must be chosen from the list annually prepared by the President of the Chamber of Commerce of Paris.

The decision of the experts shall be given within eight days if the inquiry takes place at the place of arrival, and, if the settlement is referred to the Board of Legal Expertise at Paris, it shall be given within fifteen days.

ARTICLE XI.

In order to establish the fact that goods are the produce or manufacture of the United Kingdom or British Possessions, the importer may, if he shall think fit, present at the French Custom-house a certificate of origin which shall be either an official declaration made before a Magistrate exercising jurisdiction at the place of despatch, or a certificate granted by the chief officer of the Customs at the port of embarkation, or a certificate granted by the Consul or Consular Agent of France at the place of despatch or at the port of embarkation.

The signature of the British authority shall be certified by the Consul or Consular Agent of France, if any, residing in the place or possession from which the goods are despatched or shipped; and if in the case of a British Possession there is no such Consul or Consular Agent, then by the Officer administering the Government of such Possession.

ARTICLE XII.

The importer of machines and mechanical instruments, whether complete or in detached pieces, or of other articles the produce or manufacture of the United Kingdom or British Possessions, shall be exempt from any obligation of producing at the French Customs any models or drawings of such articles.

ARTICLE XIII.

The importer of any goods the produce or manufacture of the United Kingdom or British Possessions, taxed *ad valorem*, may, if he shall think fit, attach to the declaration verifying the value of such goods, and to the certificate of origin an invoice emanating from the manufacturer or from the seller, which shall show the price actually charged to him for such goods.

ARTICLE XIV.

When goods upon which an *ad valorem* duty is levied have been previously warehoused, they shall be taxed according to the value of those goods at the time of their actual importation into France or Algeria.

ARTICLE XV.

Independently of the duties of Customs, articles of goldsmith's work and of jewellery of the manufacture of either country in gold, silver, platinum, or other metals, imported into the other, shall be subject to the system of control established in the country of importation for similar articles of domestic manufacture, and shall pay, if required, on the same basis as national articles, the duties of marking and guarantee.

The above stipulations shall be applicable to fire-arms, anchors, chain cables, and all other articles over which similar control is or may be exercised.

ARTICLE XVI.

The subjects of each of the two High Contracting Powers shall, in the dominions of the other, enjoy the same protection and be subject to the same conditions as native subjects in regard to the rights of property in trade marks and other distinctive marks showing the origin or quality of goods, as well as in patterns and designs for manufactures.

ARTICLE XVII.

Articles liable to duty serving as patterns or samples, which shall be introduced into the United Kingdom by French commercial travellers or into France and Algeria by commercial travellers of the United Kingdom, shall be admitted free of duty, subject to the following formalities requisite to insure their being re-exported or placed in bond:

1. The officers of Customs at any port or place at which the patterns and samples may be imported shall ascertain the amount of duty chargeable thereon. That amount must either be deposited by the commercial traveller at the Custom-house in money, or ample security must be given for it.

2. For the purpose of identification each separate pattern or sample shall, as far as possible, be marked by the affixing of a stamp or by means of a seal being attached to it.

3. A permit or certificate shall be given to the importer which shall contain—

(a.) A list of the patterns or samples imported, specifying the nature of the goods and also such particular marks as may be proper for the purpose of identification;

(b.) A statement of the duty chargeable on the patterns or samples, as also whether the amount was deposited in money or whether security was given for it;

(c.) A statement showing the manner in which the patterns or samples were marked;

(d.) The appointment of a period, which at the utmost must not exceed twelve months, at the expiration of which, unless it is proved that the patterns or samples have been previously re-exported or placed in bond, the amount of duty deposited will be carried to the public account or the amount recovered under the security given.

No charge shall be made to the importer for the above permit or certificate or for marking for identification.

4. Patterns or samples may be re-exported through the Custom-house through which they were imported, or through any other.

5. If, before the expiration of the appointed time (paragraph 3, d), the patterns or samples should be presented at the Custom-house of any port or place for the purpose of re-exportation or being placed in bond, the officers at such port or place must satisfy themselves by examination whether the articles which are brought to them are the same as those for which the permit of entry was granted. If so satisfied, the officers will certify the re-exportation or deposit in bond, and will refund the duty which had been deposited, or will take the necessary steps for discharging the security.

ARTICLE XVIII.

Each of the High Contracting Parties may appoint Consuls-General, Consuls, Vice-Consuls, and Consular Agents to reside in the towns and ports of the dominions and possessions of the other, where, in accordance with established practice, such Consular Officers are allowed to reside. Such Consuls-General, Consuls, Vice-Consuls and Consular Agents, however, shall not enter upon their functions until after they shall have been approved and admitted, in the usual form, by the Government to which they are sent. They shall, within their Consular district, be allowed to exercise whatever functions, and shall enjoy whatever privileges, exemptions, and immunities, are or shall be granted to Consuls or Officers of the same rank of the most favoured nation at the place where they are appointed to reside.

ARTICLE XIX.

The Consuls-General, Consuls, Vice-Consuls, and Consular Agents of each of the Contracting Parties residing in the dominions and possessions of the other shall receive from the local authorities such assistance as can by law be given to them for the recovery of deserters from the vessels of their respective countries.

ARTICLE XX.

The High Contracting Parties reserve to themselves the power of levying from the subjects of the other landing or shipping dues, in order to pay the expenses of all necessary establishments at the ports of importation and exportation.

Such dues, however, shall not be higher or other than those levied on national goods, cargoes, or shipping.

In all that relates to local treatment, Customs formalities, brokerage, warehousing, re-exportation, dues and charges in the ports, basins, docks, roadsteads, harbours and rivers of the

two countries, the privileges, favours, or advantages which are or shall be granted to national vessels generally, or to the goods imported or exported in them, shall be equally granted to the vessels of the other country, and to the goods imported or exported in them, excepting always the coasting trade.

ARTICLE XXI.

The High Contracting Parties agree to appoint a Commission, which shall consist of one member on the part of each Government to meet at Paris within ten days after the signature of the present Treaty, to discuss certain questions connected with the duties to be levied under Annex I, which questions are not yet settled between the two Governments. The result of this examination shall form the subject of a Report, which the Commissioners shall address to their respective Governments. They further agree to refer to the same Commission the settlement of certain other questions, as provided for in a separate Protocol, which shall be annexed to the present Treaty, and shall be included in the ratification thereof.

The Commission shall finish its labours within three months, if possible, but its duration may be prolonged by agreement between the High Contracting Parties for any period or periods not exceeding six months longer.

ARTICLE XXII.

The provisions in regard to Tariffs contained in Article II of the present Treaty shall remain in force till the 1st day of January 1877, and the provisions in regard to navigation contained in the same Article shall remain in force until the 15th of July 1870, and thenceforth until terminated in the manner mentioned in this Article.

The High Contracting Parties, if they think fit, may communicate with each other respecting the general working of the present Treaty, and come to an understanding by means of a Declaration or Protocol with respect to its further duration. Failing such definite understanding and subject to the condition in the next Article stated, either Party may, by twelve months' previous notice, which may be given either at any time after the aforesaid dates respectively, or within the twelve months next preceeding the same, terminate any of the provisions contained in the preceding Articles of the present Treaty, and, until the expiration of any such notice, this present Treaty, or such part thereof as shall for the time being not be terminated by any similar notice, shall remain in force.

ARTICLE XXIII.

The High Contracting Powers in reserving to themselves the power, as set forth in Article XXII, to terminate any specific provisions contained in the present Treaty, engage, nevertheless, at all times hereafter to treat each other in all matters relating to commerce and navigation on the footing of the most favoured nation, and that the termination of any specific provisions of the present Treaty, as stipulated in the preceding Article, shall be subject to the above condition.

ARTICLE XXIV.

The President of the French Republic engages to recommend the National Assembly to give the necessary sanction for the execution of the present Treaty as soon as possible after an agreement between the two Governments shall have been arrived at with respect to the questions which are mentioned in Article XXI, and which, not having yet been settled, are by the same Article XXI referred to the Commission therein mentioned.

The ratifications of the present Treaty shall be exchanged at Paris as soon as possible after such sanction shall have been notified to Her Majesty's Government; the Treaty shall come into force immediately on the exchange of the ratifications; and the Treaty of the 23rd January 1860, the Additional Articles of the 25th February 1860 and 27th June 1860, and the Supplementary Conventions of the 12th October and 16th November 1860, shall be cancelled thereafter, except in so far as relates to the specific stipulations contained in Article II, and the arrangements with respect to matters reserved to the Commission to be appointed in conformity with Article XXI of the present Treaty.

In witness whereof the respective Plenipotentiaries have signed the present Treaty, and have affixed thereto the Seals of their arms.

Protocol of a Conference held at the Foreign Office, November 5, 1872, between the Plenipotentiaries of Great Britain and of France.

The Plenipotentiaries of Her Britannic Majesty and of the French Republic, in proceeding to the signature of the Treaty of Commerce and Navigation of this date, place upon record that they have agreed upon the following points:—

ARTICLE I.

The Commission named in Article XXI of the Treaty of Commerce and Navigation of this date between Great Britain and France shall meet at Paris within ten days after the

signature of the Treaty and the present Protocol, in order to examine the questions reserved by the said Article XXI for further consideration, and, if possible, to recommend to the Governments of the two countries a settlement of the same.

After their first meeting, the Commission shall adjourn for a period not exceeding ten days, in order to allow the British Commissioner to prepare the statement in regard to these several matters to be presented on the part of Her Majesty's Government.

When the Commission shall have agreed on its Report on the said questions, which it shall have examined and discussed, it shall adjourn for a period not exceeding fourteen days, in order to enable the two Governments to come to a decision with regard to its recommendations, which decision the Commission shall announce at its first meeting.

As soon as an agreement shall have been come to between the two Governments on these questions, the President of the French Republic shall proceed with the Treaty in the manner specified in Article XXIV of the said Treaty.

ARTICLE II.

As soon as the National Assembly shall have sanctioned the Treaty, the Commission shall meet again to deliberate and to decide upon the questions hereinafter stated as to existing contracts and relating to British mineral oils, and as to the duties to be levied in respect thereof.

ARTICLE III.

The High Contracting Parties, before the exchange of the ratifications of the present Treaty and Protocol, shall name some third person to act as Arbitrator in regard to any points in connection with the questions referred to in the preceding Article on which the Commissioners may themselves differ in opinion. The Commissioners shall refer any such points to the Arbitrator, whose decision shall be binding on the Commissioners, and shall be reported by them accordingly.

The High Contracting Parties shall forthwith carry out the decision come to by the Commission or by the Arbitrator.

ARTICLE IV.

All contracts already entered into for the delivery of goods in France or Algeria, which are still unexecuted in whole or in part, may be submitted to the Commission for equitable consideration as to the relief to be afforded to the importer of such goods from payment of the augmented duties to which they would otherwise be liable under the 'Tariff' in Annex I, before the 15th of March 1873.

Immediately on the signature of the Treaty, the two Governments respectively shall publish notices requiring all contracts made in the United Kingdom, or in France or Algeria, as the case may be, which remain to be executed in whole or in part between the date when the Tariff, Annex I, shall come into operation and the 15th March 1873, to be notified in writing within fourteen days after the publication of such notice at the Foreign Office in London and at the Ministry of Agriculture and of Commerce in Paris. The two Governments shall cause such contracts to be examined by the Commission with the view to ascertain their validity, that is to say, that they were binding contracts according to the laws of the respective countries, when they were entered into, and also that they were entered into in good faith as regards the French Government; meaning, that they were not entered into by persons aware of an intention or proposal on the part of the respective Governments to agree to the duties being raised before the 15th of March 1873, with a view to evade the payment of the increased duties.

Should the Commissioners differ in opinion in regard to any particular case or cases, they shall refer the same to the Arbitrator, whose decision shall be final.

In case the validity of any of such contracts shall be admitted by the Commission, the French Government will take the necessary steps for repaying to the importers the duties levied in excess on goods comprised in the contracts so admitted to be valid, and imported into France between the date when the Tariff in Annex I shall come into operation, and the 15th of March 1873, that is to say, the amount of duty levied beyond the amount which would have been levied as duty under the Tariffs authorized by the Treaty and Conventions of 1860, or as to any such duties which have been reduced since 1860 by the French Government, then beyond the amount of such duties which would have been levied for such reduced duties.

ARTICLE V.

The Commission shall also decide on questions concerning duties levied in France on British mineral oils, which have formed the subject of diplomatic correspondence between the two Governments, and shall effect a settlement of the same on the following terms:

The French Government consents to admit, at the duty of 5 per cent., the rate of duty levied previously to the passing of the Law of the 8th July 1871, British mineral oils. It is nevertheless agreed that the said oils, in conformity with Article V of the present Treaty, shall be likewise subject to the duty of 5 fr. per 100 kilog. now established by the same Law of the 8th of July 1871, or those which may be hereafter levied, on the like oils manufactured in France;

To extend the benefit of the above provisions to British mineral oils, to be supplied to persons in France, under contracts entered into before the promulgation of the Law of the 8th of July 1871;

To examine how far it would be possible to effect reimbursement of duties levied in excess of the duty of 5 per cent., and the tax of 5 fr. per 100 kilog. above referred to, in the case of British mineral oils introduced into France since the promulgation of the Law of the 8th of July 1871, otherwise than in pursuance of contracts previously entered into.

In regard to the contracts referred to under the third paragraph, the settlement shall include indemnification for actions of breach of contract resulting from the operation of the Law of the 8th of July 1871.

ARTICLE VI.

The Commission, after the conclusion of its labours in respect of the questions directed in the foregoing Articles, to be referred to it, shall also consider and report on any other questions which the High Contracting Parties may now or hereafter agree to refer to it.

The Government of Her Britannic Majesty desire that it should inquire into the causes which have hitherto prevented the full execution of the Fishery Convention of the 11th of November 1867.

The French Government desire that it should inquire in the causes which have hitherto prevented the Literary Convention concluded between the two countries on the 3rd of November 1851, producing the results expected from it in regard to performances and representations of dramatic and lyrical works on the English stage.

ARTICLE VII.

At any meeting of the Commission after its first preliminary meeting, persons may be called to give information on any point in regard to which either of the Commissioners may think such a course advisable.

London, the 5th November 1872.

The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale:—

1. The Opium will be sold for exportation by sea only, and no certificate will be granted except upon such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12th of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 a.m. of the day fixed by previous notification, and shall not be continued after the hour of 5 p.m.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Member in charge, be resumed on the next day following (not being Sunday or a public holiday) at the hour of 11 a.m., and so on

until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Member in charge may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated

according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all

such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale: or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal receipts, or public securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the fifth Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in such certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized Agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bona fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the Opium advertized for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1871-72, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1873, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 42,000 chests of

	Chests.	Behar and Benares, as above
Behar	26,000	estimated will be brought
Benares	16,000	to sale in the usual manner;
Total	42,000	and if they shall make application for a quantity of

Opium to be delivered to them out of the quantity advertized for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—“With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in redemption of the three hundred chests heretofore mentioned.”

The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sale shall have been published in the *Government Gazette*.

OFFICIAL MEMORANDUM.

On or about the 29th ultimo, a Native of the Madras Presidency calling himself D. VANCUTTA CHULLAMYA alias BUNCUTTA CHUL, and giving himself out to be an Agent of some Madras Rajah, succeeded in passing about 254 forged Currency Notes of the Madras Circle, and in obtaining for them a quantity of property consisting of valuable jewellery and 32 Currency Notes of the Bengal Circle, the numbers of which are given below, for Rs. 31,000.

The Government of India have directed me to issue the accompanying Notification offering a reward of Rs. 10,000 for the arrest and conviction of D. VANCUTTA CHULLAMYA alias BUNCUTTA CHUL, a description of whom is given therein; and a further reward of Rs. 10,000 for information which may lead to the arrest and conviction of the party or parties who forged the said Madras Currency Notes.

It is particularly requested that if any of the undermentioned Bengal Currency Notes be presented for payment, immediate steps be taken to trace them back, and information of the same sent by wire to the District Superintendent of Police at Benares, and to the Commissioner of Police in Calcutta.

H. SANDEMAN,

CALCUTTA, Head Commr. of Paper Currency,
The 22nd June 1872.
